

Walk Through Metal Detector

ZK-D1065 (Standard: 6 Zones)

People and alarm counting

6 detection zones

Each detection zone has 100 adjustable sensitivity levels

Excellent anti-interference

3.5" LCD display

Harmless to human body

Fire-retardant materials

Water-proof bottom

Applications

Exhibition center

Government office

Electronic factory

Prison

Finance

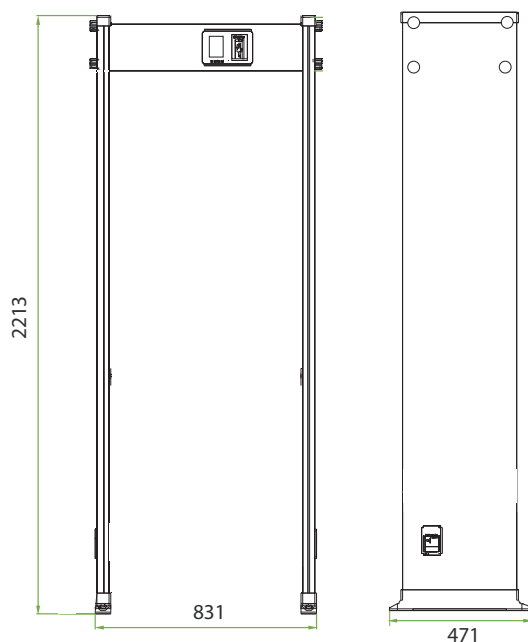

Hotel

- 6 detection zones
- 100 sensitivity levels
- 3.5" LCD display
- People and alarm counting
- Synchronous sound & LED alarm

Specification

Power Supply	AC 100V to 240V
Working Temperature	-20°C to 55°C
Working Humidity	<95% (non-condensing)
Working Frequency	5.7KHz to 9.6KHz
Input Voltage	DC12V
Working Current	1.4A
Running Power	16W
Alarm Volume	85dB
Dimension (H*W*L)	2213 * 831 * 471 (mm)
Dimension with Packing (H*W*L)	2280 * 282 * 560 (mm)
Weight with Packing	40kg

Dimensions (mm)

Applicable Scenarios

Locations with high people flow

Electronic factories

Food manufacturers

Cigar factories
